Governor Evers approves WIS 20 improvements in Walworth County

To invest in Wisconsin's transportation system, Governor Evers signed a \$1.5 million contract to improve WIS 20, between WIS 67 and Townline Road in Walworth County. Work is scheduled to begin the week of May 10, 2021.

Payne and Dolan Inc., is the prime contractor for the project and will implement the following:

Milling and base patching
New asphalt pavement
Pavement marking
Signing
High friction surface treatment

During construction, WIS 20 will remain open to traffic with the use of flagging operations.

Construction is anticipated to be completed in late summer, 2021. The schedule is dependent on favorable weather conditions and construction progress.
